Description

This premium motorhome combines performance, comfort, and high-end equipment, making it an ideal choice for both relaxed holidays and long-distance travel. Powered by a strong 180 HP (132 kW) engine and compliant with Euro 6b standards, it delivers a smooth and efficient driving experience, with an average consumption of approximately 11.2 L/100 km. The large 120L fuel tank ensures excellent range for extended journeys. Inside, the vehicle offers a well-designed and spacious layout with 4 travel seats and 3 comfortable sleeping places, including high-quality single beds with 7-zone mattresses for optimal comfort. The generous bathroom with separate shower provides a true home-like experience on the road. The interior is finished with attention to detail, featuring cream kitchen fronts, a microfiber ceiling lining, and a cozy living atmosphere enhanced by decorative elements such as cushions and a bed cover. The kitchen is fully equipped with an 80L refrigerator, extendable work surfaces, and a smart sink cover system with integrated cutting board. Comfort and convenience are further enhanced by:
